A Time for Remembering

We understand that during these difficult times, the added pressures of organising a loved one's remembrance can be stressful. We therefore make every effort to provide an occasion to ensure that your loved one is remembered with dignity, but without fuss.

We are able to tailor our packages to suit your personal requirements and offer a good standard of food alongside unobtrusive yet attentive service.

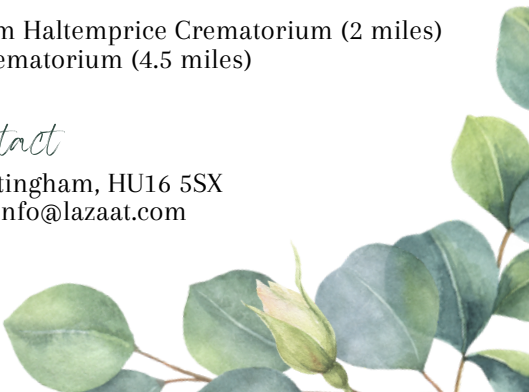

We can provide a screen, projector and sound system on request for you to share special memories with your guests.

Location

We are only a short distance away from Haltemprice Crematorium (2 miles) and Chanterlands Crematorium (4.5 miles)
